HOW THE GOOD STUFF HAPPENS

MILLING

Crack the grain.
Let the good stuff out

MASHING

Warm water turns grain starch
into sweet beginnings

LAUTERING

Keep the sweet wort.
Leave the grain behind

COOLING

Cool the wort.
Yeast likes a chill entry.

WHIRLPOOL

Give it a spin.
Gather the bits

BOILING

Turn up the heat.
Hops bring the attitude

FERMENTATION

Yeasts gets busy making
booze, bubbles and flavour

CONDITIONING

A little rest.
Just the right fizz

ON TAP

Cold, fresh and ready
for your first sip
